

2022 Utah Peer Conference

“The Power of Peer Connection”

REQUEST FOR SPONSORSHIPS

The Utah Peer Conference is a statewide event that is attendee-driven, inclusive, safe, supportive, interactive, and community-building that brings together the Utah peer support specialists’ community, private and state agencies, providers, allies, and their loved ones; and provides opportunities for personal group reflection, action, and connections. We look at how to best use the resources available to us, support one another, and improve the lives of people in recovery across Utah.
